MODERN CABINETRY

Our cabinets are built at our factory in Los Angeles, CA.
We stock over 30 different Glossy, Textured and Metallic Thermofoil finishes.

Our unique and cutting edge manufacturing process, allows us to have your order ready to ship as early as 7 days from the time an order is placed.

Our cabinets are shipped ASSEMBLED, with all the doors and accessories already installed and pre-hung.

We offer the option to order custom sizes, as well as custom configuration for any of our catalogue items.

All of our cabinets meet the California's current C.A.R.B. 2 environmental requirements, and qualify for the NAFTA requirements.
